Specialized small groups*	8:45-11:30	Small Group
Independent Work Time	12:00-3:15	Free Time

*15-20-minute sessions scheduled as necessary.

This schedule reflects approximate times for various subject areas. In some cases, the English language arts and mathematics blocks may be flipped (AM vs PM) for some classes. However, the starting and ending times will remain the same. Prior to the start of the week, classroom teachers will post their weekly schedules in Schoology. These schedules will show the special area class for each day, the exact order of classes, and times for small group instruction.

If a week has less than 5 school days, Wednesdays will become a live instruction day and students will follow a full day schedule. In order to maximize instructional time during virtual instruction, any calendar week with fewer than five (5) school days will follow the schedule for instruction as outlined on a typical Monday, Tuesday, Thursday or Friday.
